

Tai Poutini Polytechnic Media Release

9 February 2015

Westport information session for business students

If you're thinking about a career in business, or want to improve your employment prospects with a business qualification, come along to Tai Poutini Polytechnic's Westport Information Session and find out what's on offer.

Tai Poutini Polytechnic Lead Tutor Business Ian Hooker will be at the Westport Campus from 5.30pm on Wednesday (11 February 2015) to talk to potential students about what they can get out of studying the NZIM Diploma in Management / NZ Diploma in Business.

"We offer flexible learning options for all students, which basically means we can tailor the programme to suit your location and availability. Classes are generally held in the evening to work around other commitments and you can study part-time or off-campus from your home," Ian says.

The NZIM Diploma in Management gives you the communication and leadership skills that employers are looking for in potential business managers. It is also a stepping stone to higher study and can lead to a broad range of potential careers, including accounting, management, business, marketing, human resources, local body and government department management or self-employment.

"Come along on Wednesday evening and we can talk about what you are looking to achieve and how we can make it work best for you," Ian says.
