

# SCAFFOLD INSPECTION

This course will give people the skills and knowledge to comply with the legal requirements when inspecting scaffolding design, equipment and systems.

On successful completion trainees will be able to identify scaffolding componentry and equipment, confirm that it is fit for purpose and safe to use. This will enable participants to complete inspection and compliance reports for tube and coupler and proprietary scaffolding.

## NZQA Unit Standards

Unit Standards in this course include:

- US 23228 Complete a scaffolding inspection compliance report

**MEETS WORKSAFE NZ (FORMERLY DOL) BEST PRACTICE GUIDELINES  
FOR WORKING AT HEIGHTS**

## Duration

One day including assessment dependant on student numbers and units required

## Venue

Courses are delivery nationally on-site or at one of our specialist training facilities.

## Course Cost

Full course: \$280.00 per person (GST excl)

## What To Bring

You will need your Passport or Birth Certificate and PPE (Helmet, Harness, Hi Visibility, Steel caps etc what you normally wear at work) or we can supply most gear.
